MEMORANDUM FOR: Mr. Gordon Gray,
Special Assistant to the President

SUBJECT : Protection of Intelligence and of
Intelligence Sources and Methods

1. Concerning your memorandum of 26 September 1958, I am attaching a copy of a summary of the results of an investigation conducted by all USIB member agencies concerning the article [REDACTED]

25X1

2. Briefly, from a study of the investigative reports, it was concluded that:

- a. There was an unauthorized disclosure of classified information;
- b. No official of the U. S. Government was responsible for this unauthorized disclosure;
- c. This unauthorized disclosure was probably made by private industry;
- d. Those officials within the Government responsible for dissemination of this information were not alerted to the sensitivity of the sources; and,
- e. The dissemination of official reports [REDACTED] aircraft, both within government and to private [REDACTED] appear to be excessive and not in full conformity with the principles of "need-to-know".

25X1

3. The report of the investigations and the recommendations have been submitted to the USIB for consideration. I will advise of action that develops therefrom.
